

CURRICULUM VITÆ¹

Matthieu LATAPY

(Updated March 30, 2026)

General information

Address: LIP6 – CNRS and Sorbonne Université
4 place Jussieu – bc 169
75252 Paris cédex 05
France

e-mail: Matthieu.Latapy@lip6.fr

Web: <http://latapy.complexnetworks.fr>

Current positions

- CNRS Senior researcher (Directeur de Recherche – DR) at LIP6, computer science laboratory of CNRS and Sorbonne Université (SU), since 2009.
- Managing board member of *Sciences Citoyennes* NGOs since 2022, of EcoInfo GDRS since 2025, and head of the NumEco PEPR Pathways sub-project since 2026.
- Member of the Sorbonne University *Council for Ethical Research* (CER), since 2022.
- Member of the Tours-region working group on ecology policy, *Atécopol Tours*, since 2025, and of the similar group in Paris-region, *Ecopolien*, since 2021. Member of *GDR Labs1point5* and its associated think tank, since 2022.
- Managing board member of the *Peer Community in Network Science* (PCI), since 2020, and editorial board member of the *Peer Community Journal*, since 2021. Editorial board member of *Complex Systems*, since 2017. Promoter of the *No free view? No review!* call, since 2020.
- Inside LIP6: reference contact for CNRS and SU regarding environmental challenges, since 2023. Elected member of the laboratory council, since 2022-2025.
- Expert advising for various companies and (national and international) public bodies.

Career

- October 2018: promotion to 1-st class CNRS senior researcher (DR1).
- October 2009: promotion to 2-nd class CNRS senior researcher (DR2).
- January 2007: moved from LIAFA to LIP6.
- October 2006: promotion to 1-st class CNRS researcher (CR1).
- October 2002 to january 2007: 2-nd class CNRS researcher (CR2) at LIAFA.
- September 2001 to october 2002: INRIA postdoc fellow, Hipercom project.
- October 1999 to septembre 2001: PhD and teaching fellow at University Paris Diderot – Paris 7.
- October 1997 to octobre 1999: ENS Cachan student, computer science.

¹Acronyms are defined in the last page.

Diplomas and awards

- 2022 ACM Internet Measurement Conference Test of Time Award for reference [101].
- 2021–2024: CNRS award for distinguished research activity.
- 2019: Bell Labs Prize finalist (with 9 other finalists worldwide).
- 2018: ERC proposal on *Link Streams* selected for 2nd round.
- 2010–2017: CNRS award for distinguished research activity.
- November 2007: Habilitation thesis (HDR) in Computer Science, UPMC (Sorbonne University). Title: *Complex networks – measurement and metrology, analysis, modeling, algorithmics*. Committee: Patrice Abry (referee), Giorgio Ausiello, François Baccelli, Vincent Blondel (referee), Olivier Festor, Éric Fleury (referee), Patrick Gallinari, and Michel Habib.
- May 2001: PhD in Algorithmics, University Paris Diderot – Paris 7. With honors. Advisor: Michel Morvan.
- 1993–1998: Bachelor in Computer Science (University Paris Diderot – Paris 7) and Master in Algorithmics (ENS de Cachan), with honors.

Book chapters and forewords:

- [53] *A Frequency-Structure Approach for Link Stream Analysis*. Esteban Bautista, Matthieu Latapy. In *Temporal Network Theory*, Springer, edited by Petter Holme and Jari Saramäki, second edition, 2023.
- [54] *Weighted, Bipartite, or Directed Stream Graphs for the Modeling of Temporal Networks*. Matthieu Latapy, Clémence Magnien, Tiphaine Viard. In *Temporal Network Theory*, Springer, edited by Petter Holme and Jari Saramäki, 2019.
- [55] *Interaction Prediction Problems in Link Streams*. Thibaud Arnoux, Lionel Tabourier, Matthieu Latapy. In *Dynamics on and of Complex Networks (DooCN)*, Springer, edited by Fakhteh Ghanbarnejad, Rishiraj Saha Roy, Fariba Karimi, Jean-Charles Delvenne, and Bivas Mitra. 2019.
- [56] *Link streams: Methods and applications*. Matthieu Latapy, Marco Fiore, Artur Ziviani. Foreword, special issue of *Computer Networks*. 2019.
- [57] *Complex Networks and Link Streams for the Empirical Analysis of Large Software*. Matthieu Latapy, Tiphaine Viard. Invited contribution to *Petri Nets* 2014.
- [58] *Complex networks*. Matthieu Latapy. Foreword, special issue of *Computer Communications*. 2010.
- [59] *Complex computer and communication networks*. Matthieu Latapy, Walter Willinger. Foreword, special issue of *Computer Networks*. 2008.
- [60] *Complex networks*. Ravi Kumar, Matthieu Latapy. Foreword, special issue of *Theoretical Computer Science (TCS)*. 2006.
- [61] *Topologies d'internet et du web : mesure et modélisation*. Jean-Loup Guillaume, Matthieu Latapy. Dans le livre *Mesures de l'internet*, édité par *Les Canadiens en Europe*, sous la direction d'Eric Guichard. ISBN 2-9516231-5-1. 2004.

International referred conference and workshop proceedings:

- [62] *BeWater: Effective Protesters Navigate Watersheds in Street Networks*. Guillaume Moinard, Matthieu Latapy. *AAMAS (25-th international conference on Autonomous Agents and Multiagent Systems)*. 2026, Paphos, Cyprus.

- [63] *Trivial Graph Features and Classical Learning are Enough to Detect Random Anomalies.* Matthieu Latapy, Stephany Rajeh. *ICDM* (25-th IEEE International Conference on Data Mining). 2025, Washington DC, USA.
- [64] *Improving flocking behaviors in street networks with vision.* Guillaume Moinard, Matthieu Latapy. *CompleNet* (16-th international conference on Complex Networks). 2025, Fortaleza, Brazil.
- [65] *Fast and Robust Flocking of Protesters on Street Networks.* Guillaume Moinard, Matthieu Latapy. *ASONAM* (16-th IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining). 2024, Rende (CS), Calabria, Italy.
- [66] *Mapping Low-Resolution Edges to High-Resolution Paths: the Case of Traffic Measurements in Cities.* Bastien Legay, Matthieu Latapy. *CompleNet* (15-th international conference on Complex Networks). 2024, Exeter, England, UK.
- [67] *Link Streams as a Generalization of Graphs and Time Series.* Esteban Bautista, Matthieu Latapy. *COGMI* (5-th IEEE International Conference on Cognitive Machine Intelligence). 2023, Atlanta, USA.
- [68] *Full Bitcoin blockchain data made easy.* Jules Azad Emery, Matthieu Latapy. *ASONAM* (13-th IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining). 2021, Online.
- [69] *A logical approach for temporal and multiplex networks analysis.* Esteban Bautista, Matthieu Latapy. *CNA* (10-th International Conference on Complex Networks and their Applications). 2021, Madrid, Spain. Poster.
- [70] *Strongly Connected Components in Stream Graphs: Computation and Experimentations.* Léo Rannou, Clémence Magnien, Matthieu Latapy. *CNA* (9-th International Conference on Complex Networks and their Applications). 2020, Online.
- [71] *Degree-based Outliers Detection within IP Traffic Modelled as a Link Stream.* Audrey Wilmet, Tiphaine Viard, Matthieu Latapy, Robin Lamarche-Perrin. *TMA* (2-nd IFIP Network Traffic Measurement and Analysis Conference). 2018, Vienna, Austria.
- [72] *Pattern Matching in Link Streams: a Token-based Approach.* Clément Bertrand, Hanna Klaudel, Frédéric Peschanski, Matthieu Latapy. *PetriNets* (39-th International Conference on Applications and Theory of Petri Nets and Concurrency). 2018, Bratislava, Slovakia.
- [73] *Discovering Patterns of Interest in IP Traffic Using Cliques in Bipartite Link Streams.* Tiphaine Viard, Raphaël Fournier-S'niehotta, Clémence Magnien, Matthieu Latapy. *CompleNet* (9-th international conference on Complex Networks). 2018, Boston, USA.
- [74] *Tracking bitcoin users activity using community detection on a network of weak signals.* Rémy Cazabet, Rym Baccour, Matthieu Latapy. 6th International Conference on Complex Networks and Their Applications. 2017, Lyon, France.
- [75] *Combining structural and dynamic information to predict activity in link streams.* Thibaud Arnoux, Lionel Tabourier, Matthieu Latapy. *FAB* (3-rd international symposium on Foundations and Applications of Big data analytics), *ASONAM* workshop. 2017, Sydney, Australia.
- [76] *Impact of Temporal Features of Cattle Exchanges on the Size and Speed of Epidemic Outbreaks.* Aurore Payen, Lionel Tabourier, Matthieu Latapy. *LNCS, ICCSA* (17-th International Conference on Computational Science and its Applications). 2017, Trieste, Italy.
- [77] *Time Weight Content-Based Extensions of Temporal Graphs for Personalized Recommendation.* Armel Jacques Nzekon Nzeko'o, Maurice Tchente, Matthieu Latapy. *WEBIST* (13-th international conference on Web Information Systems and Technologies). 2017, Porto, Portugal.

- [78] *Analysis of the temporal and structural features of threads in a mailing-list.* Noé Gaumont, Tiphaine Viard, Raphaël Fournier-S'niehotta, Qinna Wang, Matthieu Latapy. *CompleNet* (7-th international workshop on Complex Networks). 2016, Dijon, France.
- [79] *Revealing contact patterns among high-school students using maximal cliques in link streams.* Tiphaine Viard, Matthieu Latapy, Clémence Magnien. *DyNo* (1-st international workshop on Dynamics in Networks), ASONAM workshop. 2015, Paris, France.
- [80] *Social Network Analysis of Developers and Users Mailing Lists of Some Free Open Source Software.* Armel Jacques Nzekon Nzeko'o, Matthieu Latapy, Maurice Tchuenta. *BigData* (4-th International Congress on Big Data). 2015, New York City, USA.
- [81] *Expected Nodes: a quality function for the detection of link communities.* Noé Gaumont, François Queyroi, Clémence Magnien, Matthieu Latapy. *CompleNet* (6-th international workshop on Complex Networks). 2015, New York City, USA.
- [82] *UDP Ping: a dedicated tool for improving measurements of the Internet topology.* Matthieu Latapy, Elie Rotenberg, Christophe Crespelle, Fabien Tarissan. IEEE MASCOTS (22-nd International Symposium on Modeling Analysis and Simulation of Computer and Telecommunication Systems). 2014, Paris, France.
- [83] *Measuring the Degree Distribution of Routers in the Core Internet.* Matthieu Latapy, Elie Rotenberg, Christophe Crespelle, Fabien Tarissan. *IFIP Networking* (13-th IFIP international conference on Networking). 2014, Trondheim, Norway.
- [84] *Identifying Roles in an IP Network with Temporal and Structural Density.* Tiphaine Viard, Matthieu Latapy. *IEEE NetSciCom* (6-th international workshop on Network Science for Communication networks). 2014.
- [85] *Measuring Routing Tables in the Internet.* Elie Rotenberg, Christophe Crespelle, Matthieu Latapy. *IEEE NetSciCom* (6-th international workshop on Network Science for Communication networks). 2014.
- [86] *Relevance of SIR Model for Real-world Spreading Phenomena: Experiments on a Large-scale P2P System.* Daniel F. Bernardes, Matthieu Latapy, Fabien Tarissan ASONAM (IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining), 2012, Istanbul, Turkey.
- [87] *Outskewer: Using Skewness to Spot Outliers in Samples and Time Series.* Sébastien Heymann Matthieu Latapy, Clémence Magnien ASONAM (IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining), 2012, Istanbul, Turkey.

- Head of the SU-funded project *Robustness for All* (RTT), 2025-27.
- AID/DGA-funded PhD support for Louis Milhaud, 2025-28. v
- CNRS MITI funded PhD support for Owen Crabtree, 2024-27.
- Co-head of the *Modeling and Analysis of Mobility Traces*, LIP6 cross-team project, 2024-25.
- Head of the CNRS MITI interdisciplinary project *Perturbations du Trafic Maritime par des Mouvements Sociaux* (PTMS), 2024-25.
- Head of the CNRS MITI interdisciplinary project *Perturbations de Réseaux d'Infrastructures par des Mouvements Sociaux* (PRIMS), 2023-24.
- Head of the *Analysis of Financial Transactions for Security* (FiT) SU–Bleckwen joint lab, funded by ANR, 2019–2024. <http://fit.complexnetworks.fr>
- Head of the CNRS exploratory project *Observation Fine des Perturbations de Réseaux Routiers*, 2023.
- Co-head of the *Robustness and Weaknesses of Transportation Networks*, LIP6 cross-team project, 2023.
- AID/DGA-funded PhD support for Bastien Legay, 2022-25.
- Co-head of the *Analysis of new protest forms*, LIP6 cross-team project, 2022.
- Head of one of the two teams composing the SU–Thales joint laboratory *Centre for Learning and Retrieval* (CLEAR). 2011–2019.

- Member of the *Opinion Dynamics and Cultural Conflict in European Spaces* (ODYC-CEUS) project, funded by the European Community *H2020* programme and led by Eckehard Olbrich (Max Planck Institute, Germany), 2017–2021.
- LIP6 head of *Investigation par Traitement et Analyse des crypto-monnaies* (iTRAC) project, funded by FUI 21 and led by Grégoire Biette (Thales), 2016–2018.
- LIP6 head of the *REcursive QUery and Scalable Technologies* (REQUEST) project, funded by the 3rd call FSN *Informatique en nuage – Cloud computing*, led by Catherine Gouttas (Thales), 2014–2017.
- Head of a PEPS HuMaIn (Humanités–Mathématiques–sciences de l’Information) project, with sociologists, 2014, renewed in 2015.
- Head of a RNSC network gathering 4 french partners, 2013-2014, renewed in 2015.
- Head of a LIP6 project gathering 3 LIP6 teams, 2013-2014.
- LIP6 co-head of the *Experimental UpdateLess Evolutive Routing* (EULER) project, funded by the European Community *Future Internet Research and Experimentation* (FIRE/STREP) programme and led by Dimitri Papadimitriou, 2010–2014.
- Member of the *Dynamics of Graph Topologies* (DynGraph) project, funded by ANR *Jeunes Chercheuses et Jeunes Chercheurs* programme, and led by Clémence Magnien, 2010–2013.
- Head of the *Diffusion dans les réseaux : mesure et analyse pour la modélisation* (DiRe) project, funded by the city of Paris, *Émergence(s)* programme, 2009–2012.
- Head of the *Measurement and Analysis of P2P Activity Against Paedophile Content* (MAPAP/MAPE) project, funded by the European Community *Safer Internet Plus* programme and the ANR *TLCOM* programme, 2007–2011.
- Member of the *opinion dynamics in virtual arenas: topology, morphogenesis and diffusion* (WebFluence) project, funded by ANR and led by Camille Roth, 2008–2010.
- Co-head of the *Approches Formelles pour la Métrologie de l’Internet* (AFMI) project, funded by LIP6, 2008–2010.
- Head of the *Analyse des Grands Réseaux d’Interactions* (AGRI) project, funded by ANR *Jeunes Chercheuses et Jeunes Chercheurs* programme, 2005–2008.
- *Management Committee* member of the DYNAMO european project, COST Action 295, 2005–2006.
- Member of the FRAGILE project, funded by *Sécurité & Informatique* ACI, 2004–2007.
- LIAFA head of the *Métrologie de l’internet pour la Sécurité* (MetroSec) project, funded by *Sécurité & Informatique* ACI, 2004–2007.
- Head of the *Programme d’Etudes des Réseaux Sociaux de l’Internet* (PERSI) project, funded by *Systèmes Complexes en SHS* ACI and *Usages de l’Internet* action, 2004–2007.
- LIAFA head of the *Graphes, Algorithmes et Probabilités* (GAP) project, funded by *Nouvelles Interfaces des Mathématiques* ACI, 2003–2006.
- Workpackage head for the *Dynamo* CNRS action, led by Pierre Fraigniaud, 2002–2003.

Institutional responsibilities

Management and animation of research:

- 2025–: member of the managing committee of *GDRS EcoInfo* group.
- 2024–: Inria Quadrant Program (PIQ) referee for Sorbonne University.

- 2025-26: member of the preliminary working group for a collective scientific assessment conducted by CNRS for COSPRAD (*Conseil scientifique sur les processus de radicalisation*).
- 2024–2025: member of the CNRS think tank on future computer science research.
- 2023–2026: founder and head of SIF working group on environmental challenges, editor of the corresponding section in the SIF bulletin entitled *1024*.
- 2023–: LIP6 reference contact for CNRS and SU regarding environmental challenges.
- 2022–: member of the Sorbonne University Council for Ethical Research (CER).
- 2022–: managing board member of *Sciences Citoyennes* NGO.
- 2022–: member of the *GDRS EcoInfo* group.
- 2022–: member of *GDR Labos1point5* and its associated think tank.
- 2022–2026: managing board member of *Société d’Informatique de France* (SIF).
- 2022–2025: elected member of the LIP6 laboratory council.
- 2021–: member of the Paris-region working group on ecology policy *Ecopolien*.
- 2020–2023: LIP6 reference contact for SU regarding open science.
- 2019–2020: co-head of the LIP6 transversal axis *Safety, Security, Reliability*, involving 14 LIP6 teams.
- 2014–2021: steering committee of the Paris region Institute for Complex Systems (ISC-PIF).
- 2010–2020: steering committee of LIP6.
- 2019–2020: co-chair of ASONAM 2020 Tutorials.
- 2013–2019: founder and head of the LIP6 *Complex Systems* department.
- 2014–2017: advisory board member of the CNRS Institute of Communication Sciences (ISCC).
- 2015–2017: founder and head of the ISCC *Modeling of Interactions over Time* (MIT) group.
- 2013–2017: member of the CoNRS interdisciplinary committee 53 (CID 53), that manages in particular the recruitment and careers of CNRS researchers on *Methods, practice and communication of sciences and technologies*.
- 2012–2016: member of the CoNRS computer science committee (Section 6), that manages in particular recruitment and careers of CNRS researchers in computer science.
- 2011–2015: member of the UPMC computer science committee (Section 27), that manages in particular recruitment and careers of UPMC teaching and research staff. Committee president until august 2013.
- 2010–2013: co-head with Bertil Folliot then Franck Petit of the LIP6 *Networks and Distributed Systems* department.
- 2009–2013: elected delegate of senior researchers at IFD.
- 2007–2010: steering committee member of *Paris-Networking*.
- 2007–2012: steering committee member ASR GDR axis *RésCom*.
- 2011–2012: member of the LIP6 committee for non-publishing fellows.
- 2008–2011: founder and head of the LIP6 *Complex Networks* team (5 permanent researchers and a dozen PhD and postdoc fellows).
- 2010–2011: advisory board member of ISCC and in charge of its relations with LIP6.
- Laboratory councils: LIAFA 2003–2007; LIP6 2007–2010; LIP6 2022–.

- Member of ISC-PIF, IXXI, RNSC and CSS.

Recruitment committees for professors and assistant professors (section 27 – Computer Science): Sorbonne University assistant professor, 2023; INSA Lyon professor, 2023; Sorbonne University assistant professor, 2021; Telecom ParisTech professor, 2019; University Paris Diderot professor, 2018; University Pierre et Marie Curie assistant professor, 2013, chairman; University Lyon 1 assistant professor, 2010; University Bordeaux 1 – Chaire CNRS, 2009; University Versailles-Saint-Quentin-en-Yvelines assistant professor, 2009; University d’Evry Val d’Essonne assistant professors, 2007–2009; University des Sciences et Techniques de Lille (USTL) assistant professors, 2007–2009; University Paris Diderot – Paris 7 assistant professors, 2004–2007; University Pierre et Marie Curie (UPMC – Paris 6) assistant professors, 2004–2007.

Advisory Committee member of the *Free Journal Network* (FJN), 2020-2025.

Managing Board member of the *Peer Community in Network Science* (PCI), since 2020.

Editorial board member of *Peer Community Journal* (PCI), since 2021; *Complex Systems* since 2017; *Computer Networks*, 2013–2016 (fixed duration); *Journal of Complex Networks*, 2013–21; *Social Networks Analysis and Mining* (SNAM), 2013–21; *Theoretical Computer Science* (TCS), 2014–21; *Computer Communications*, 2015–21; *Advances in Complex Systems*, 2016–21;

Guest editor of:

- special issue of *Applied Network Science* entitled *Evolution of Networks*, with Alessia Galdeman, Petter Holme, Huijuan Wang, and Sabrina Gaito, 2025.

Lead guest editor of:

- special issue of *Theoretical Computer Science* (TCS) entitled *Link streams: models and algorithms*, volume 806, 2020.
- special issue of *Computer Networks* entitled *Link streams: methods and applications*, with Marco Fiore and Artur Ziviani, volume 150, 2019.
- collective book entitled *Trends in Social Network Analysis – Information Propagation, User Behavior Modelling, Forecasting, and Vulnerability Assessment*, following ASONAM 2015, with Rokia Missaoui and Talel Abdessalem, Springer, 2016.
- special issue of *Journal on Selected Areas of Communication* (JSAC) entitled *Measurement of Internet Topologies*, with Krishna Gummadi, Jean-Jacques Pansiot, Yuval Shavitt and Walter Willinger, volume 29, number 9, 2011 (ISSN 0733-8716).
- special issue of *Technique et Science Informatiques* (TSI) entitled *Graphes de Terrains* (in french), 2011.
- special issue of *Computer Communications* entitled *Complex Networks*, volume 34, issue 5, 2011.
- special issue of *Computer Networks* entitled *Complex Computer and Communication Networks*, with Walter Willinger, volume 52, issue 15, 2008.
- special issue of *Theoretical Computer Science* (TCS) entitled *Complex Networks*, with Ravi Kumar, volume 355, number 1, 2006.

Program committees²:

²Because of an evergrowing editorial workload, I decided to contribute only to program committees of top-ranked conferences in my field, since 2018.

- *European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases (ECML PKDD)*, Porto, Portugal, September 2025
- *31-th ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD)*, Toronto, Canada, August 2025
- *45-th Sunbelt international conference*, Paris, France, June 2025
- *18-th ACM International Conference on Web Search and Data Mining (WSDM)*, Hannover, Germany, March 2025
- *European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases (ECML PKDD)*, Vilnius, Lithuania, September 2024
- *16-th International Conference on Advances in Social Networks Analysis and Mining (ASONAM)*, Industrial Track, Rende (CS), Calabria, Italy, September 2024
- *1-st International Workshop on Disaster Network Science for Building Resilient Communities (REINFORCE) (disasterR nEtwork scIeNce FOr Resilient CommunitiEs)*, Rende (CS), Calabria, Italy, September 2024
- *30-th ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD)*, Barcelona, Spain, August 2024
- *15-th International Conference on Complex Networks (CompleNet)*, Exeter, England, UK, April 2024
- *17-th ACM International Conference on Web Search and Data Mining (WSDM)*, Mérida, México, March 2024
- *European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases (ECML PKDD)*, Turin, Italy, September 2023
- *49-th International Conference on Very Large Data Bases (VLDB)*, Vancouver, Canada, August-September 2023
- *Applied Science track of the 29-th ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD)*, Long Beach, USA, August 2023
- *43-rd IEEE International Conference on Distributed Computing Systems (ICDCS)*, Hong Kong, China, July 2023
- *NetSci*, Shanghai, July 2022
- *7-th IFIP Network Traffic Measurement and Analysis Conference (TMA)*, Naples, Italy, June 2023
- *16-th ACM International Conference on Web Search and Data Mining (WSDM)*, Singapore, February-March 2023
- *IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining (ASONAM)*, Istanbul, Turkey, November 2022
- *Applied Science track of the 28-th ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD)*, Washington, USA, August 2022
- *6-th IFIP Network Traffic Measurement and Analysis Conference (TMA)*, Enschede, The Netherlands, June 2022
- *Social Network Analysis and Graph Algorithms track of the 31-st Web Conference (TheWebConf)*, Lyon, France, April 2022
- *15-th ACM International Conference on Web Search and Data Mining (WSDM)*, Online, February 2022
- *IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining (ASONAM)*, Online, December 2021

- *5-th IFIP Network Traffic Measurement and Analysis Conference (TMA)*, September 2021, Online
- *Applied Science track of the 27-th ACM SIGKDD Conference on Knowledge Discovery and Data Mining (KDD)*, Singapore, August 2021
- *Social Network Analysis and Graph Algorithms track of the 30-th Web Conference (TheWebConf)*, April 2021, Ljubljana, Slovenia
- *14-th ACM International Conference on Web Search and Data Mining (WSDM)*, March 2021, Online
- *IEEE/ACM International Conference on Advances in Social Networks Analysis and Mining (ASONAM)*, December 2020, Online
- *Social Network Analysis and Graph Algorithms track of the 29-th Web Conference (TheWebConf)*, April 2020, Taipei, Taiwan
- *Social Network Analysis and Graph Algorithms track of the 28-th Web Conference (TheWebConf)*, May 2019, San Francisco, USA
- *44-th International Conference on Very Large Data Bases (VLDB)*, August 2018, Rio de Janeiro, Brazil
- *International School and Conference on Network Science (NetSci)*, June 2018, Paris, France
- *Social Network Analysis and Graph algorithms for the Web track of the 27-th ACM World Wide Web Conference (WWW)*, April 2018, Lyon, France
- *International Conference on SmartRail, Traffic and Transportation Engineering (ICS-TTE)*, December 2017, Hong Kong
- *4-th International Conference on Internet Science (INSCI)*, November 2017, Thessaloniki, Greece
- *5-th International Workshop on Complex Networks and their Applications (Complex Networks)*, November 2017, Milan, Italy
- *3-rd International Workshop on Dynamics in Networks (DyNo)*, September 2017, Skopje, Macedonia
- *4-th European Network Intelligence Conference (ENIC)*, September 2017, Duisburg, Germany
- *International Conference on Education Science and Education Management (ESEM)*, August 2017, Guilin, China
- *1-st international conference on Smart Digital Environment (SDE)*, July 2017, Rabat, Morocco
- *8-th International Conference on Data Communication Networking (DCNET)*, July 2017, Madrid, Spain
- *1-st IFIP Network Traffic Measurement and Analysis Conference (TMA)*, June 2017, Dublin, Ireland
- *8-th IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, May 2017, Atlanta, USA
- *Social Networks and Graph Analysis track of the 26-th ACM World Wide Web Conference (WWW)*, April 2017, Perth, Australia
- *5-th Workshop on Complex Networks and their Applications (Complex Networks)*, November-December 2016, Milan, Italy
- *2-nd International Workshop on Dynamics in Networks (DyNo)*, August 2016, San Francisco, California, USA

- *7-th International Conference on Data Communication Networking (DCNET)*, July 2016, Lisbon, Portugal
- *32-nd IEEE International Conference on Data Engineering (ICDE)*, May 2016, Helsinki, Finland
- *Social Networks and Graph Analysis and Web science tracks of the 25-th ACM World Wide Web Conference (WWW)*, April 2016, Montréal, Canada
- *International School and Conference on Network Science NetSciX*, January 2016, Wrocław, Poland
- *Time(s) and temporalities of the Web*, December 2015, Paris, France
- *4-th International Workshop on Complex Networks and their Applications*, November 2015, Bangkok, Thailand
- *6-th IEEE international workshop on TRaffic Analysis and Classification (TRAC)*, August 2015, Dubrovnik, Croatia
- *7-th ACM international conference on Web Science (WebSci)*, July 2015, Oxford, UK
- *Mediterranean Conference on Information & Communication Technologies (MedICT)*, May 2015, Saïdia, Morocco
- *Social Networks and Graph Analysis track of the 24-th ACM World Wide Web Conference (WWW)*, May 2015, Florence, Italy
- PC co-chair, *7-th IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, April 2015, Hong Kong, China
- *5-th IEEE international workshop on TRaffic Analysis and Classification (TRAC)*, August 2014, Nicosia, Cyprus
- *6-th ACM international conference on Web Science (WebSci)*, June 2014, Bloomington, Indiana, USA
- *8-th IEEE International Conference on Research Challenges in Information Science (RCIS)*, May 2014, Marrakesh, Morocco
- *6-th IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, April-May 2014, Toronto, Canada
- *Conférence de Recherche en Informatique (CRI)*, Décembre 2013, Yaoundé, Cameroun
- *11-th IEEE/IFIP International Conference on Embedded and Ubiquitous Computing (EUC)*, November 2013, Zhangjiajie, China
- *6-th Smart Territory and Networks (STaN) satellite workshop of ECCS*, September 2013, Barcelona, Spain
- *4-th IEEE international workshop on TRaffic Analysis and Classification (TRAC)*, July 2013, Cagliari, Italy
- *2-nd Annual Workshop on Symplifying Complex Networks for Practioners (Simplex)*, May 2013, Rio de Janeiro, Brazil
- *5-th IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, April 2013, Turin, Italy
- *IEEE Symposium on Wireless Telecommunications Applications (ISWTA)*, September 2012, Bandung, Indonesia
- *3-rd IEEE international workshop on TRaffic Analysis and Classification (TRAC)*, August 2012, Limassol, Cyprus
- *1-st International Conference on Mobile Intelligent System (ICMIS)*, July 2012, Rabat, Morocco

- *Social Networks track of the ACM World Wide Web Conference (WWW)*, April 2012, Lyon, France
- *3-rd international workshop on Complex Networks (CompleNet)*, March 2012, Melbourne, Florida, USA
- *Emergent Properties in Natural and Artificial Complex Systems (EPNACS)*, September 2011, Vienna, Austria
- *International Conference on Digital Information and Communication Technology and its Applications (DICTAP)*, June 2011, Dijon, France
- *5-th International ICST Conference on Performance Evaluation Methodologies and Tools (ValueTools)*, May 2011, Cachan. France
- *3-rd IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, April 2011, Shanghai, China
- *Social Systems and Graph Analysis track of the ACM World Wide Web Conference (WWW)*, March 2011, Hyderabad, India
- *2-nd international workshop on Complex Networks (CompleNet)*, October 2010, Rio de Janeiro, Brazil
- *IEEE GlobeCom Workshop on Complex and Communication Networks (CCNet)*, October 2010, Miami, Florida, USA
- *2-nd workshop on Simplifying Complex Networks for Practitioners (Simplex)*, June 2010, Genoa, Italy
- *Modèles et apprentissages en Sciences Humaines et Sociales (MASHS)*, juin 2010 Lille, France
- *2-nd IEEE International Workshop on Network Science for Communication Networks (NetSciCom)*, March 2010, San Diego, CA, USA
- *10ième Conférence Internationale Francophone sur l'Extraction et la Gestion des Connaissances (EGC)*, janvier 2010, Hammamet, Tunisie
- *4-th International Conference on Performance Evaluation Methodologies and Tools (ValueTools)*, October 2009, Pisa, Italy
- *1-st Annual Workshop on Symplifying Complex Networks for Practioners (Simplex)*, July 2009, Venice, Italy
- Co-président avec Clémence Magnien (LIP6) du comité scientifique de la conférence internationale *Advances in the Analysis of Online Paedophile Activity*, June 2009, Paris, France.
- *1-st IEEE International Workshop on Network Science For Communication Networks (NetSciCom)*, April 2009, Rio de Janeiro, Brazil
- *10-èmes Journées Doctorales en Informatique et Réseaux (JDIR)*, février 2009, Belfort, France
- *3rd Workshop on Interdisciplinary Systems Approach in Performance Evaluation and Design of Computer & Communication Systems (InterPerf)*, October 2008, Athens, Greece
- Co-président avec Anne-Marie Kermarrec (INRIA/ASAP) et Arnaud Legout (INRIA/Planète) du comité scientifique de l'école d'été *ResCom 2008*, thème *Réseaux dynamiques*. St Jean Cap Ferrat, 15–20 juin 2008.
- *16-th International Conference on Computer Communications and Networks (ICCCN)*, August 2007, Honolulu, Hawaii, USA
- *13-th international conference on High Performance Computing (HiPC)*, December 2006, Bangalore, Inde

- *15-th International Conference on Computer Communications and Networks (ICCCN)*, October 2006, Arlington, Virginia, USA
- *8-èmes rencontres francophones sur les aspects Algorithmiques des Télécommunications (AlgoTel)*, mai 2006, France
- *25-th International Performance Computing and Communications Conference (IPCCC)*, April 2006, Phoenix, Arizona, USA
- *1-st International Conference on Internet and Web Applications and Services (ICIW)*, février 2006, Guadeloupe, France
- *2-nd International Conference on Distributed Computing & Internet Technology (ICD-CIT)*, décembre 2005, Bhubaneswar, Inde
- *2-nd international workshop on Combinatorial and Algorithmic Aspects of Networking (CAAN)*, août 2005, Waterloo, Canada
- Co-président avec Philippe Owezarski (LAAS, CNRS) du comité scientifique des 7-èmes *rencontres francophones sur les aspects Algorithmiques des Télécommunications (AlgoTel)*, presqu'île de Giens, 11–13 mai 2005.
- Co-président avec Pierre Fraigniaud (LRI) et Clémence Magnien (CREA) du comité scientifique de l'école thématique *Grands Réseaux d'Interactions*, Paris, 25–30 avril 2005.

Evaluation:

- since 2021: nominator for the VinFuture Prize, international scientific prize offered by Vietnam.
- 2022: committee for the IAPau4 prize (data science hackaton for students and companies).
- 2021: selection committee for the International Doctoral Program on Modeling Complex Systems (PDI MSC), at Sorbonne University.
- 2020: committee for the 2020 INSNA Simmel award <https://www.insna.org/simmel-award>
- 2016–2018: scientific and ethical committee for the ENAC study on Individual Behavior Evaluation.
- 2016: HCERES evaluation committee of the *Institut de Recherche en Informatique et Systèmes Aléatoires (IRISA)* laboratory, Rennes, France.
- 2015, 2016: monitoring committee of ISC-PIF (CNRS UPS 3611).
- 2013: AERES evaluation committee of the *Laboratoire Spécification et Vérification (LSV)* laboratory, Cachan, France.
- 2013: selection of PDI *Modeling of Complex Systems* UPMC PhD program (approx. 2 days).
- 2011–18: evaluation of *Crédit Impôt Recherche (CIR)* and *Jeunes Entreprises Innovantes (JEI)* application files.
- Since 2009: consulting for companies on topics like complex networks and data analysis and modeling.
- Evaluation of application files submitted to *Fonds National de la Recherche Scientifique (FNRS)*, Belgium; *Comité Français d'Evaluation de la Coopération Scientifique et Universitaire avec le Brésil (COFECUB)*, Brazil; *Committee for Research Evaluation (CIVR)*, Italy; *Netherlands Organisation for Scientific Research (NWO)*, Netherlands; *Complexity-Net* and *Safer Internet Plus* programmes, European Community; public incubator for young technology companies *Agoranov*, France; and various ANR calls (France).

- PhD committees of: Fabienne Venant, member, 2005; Romain Boulet, referee, 2008; Yoann Pigné, invité, 2008; Vincent Limouzy, referee, 2008; Mohssen Abboud, referee, 2008; Nicolas Pissard, chair, 2008; Pierre-Nicolas Clauss, referee, 2009; Jean-Philippe Cointet, member, 2009; Rémi Dorat, referee, 2009; Alexis Darrasse, member, 2010; Lionel Tabourier, member, 2010; Fernando Silveira, chair, 2010; Lionel Molinier, member, 2010; Brice Augustin, chair, 2010; Dan-Cristian Tomozei, chair, 2011; Romain Campigotto, chair, 2011; Marianna Carrera, chair, 2011; Ítalo Cunha, chair, 2011; Qinna Wang, referee, 2012; The Anh Dang, referee, 2012; Annette Casagrande, referee, 2012; François Queyroi, referee, 2013; Stéphane Raux, chair, 2014; Maximilien Danisch, chair, 2015; Arnaud Grignard, chair, 2015; Benjamin Girault, member, 2015; Kevin Chapuis, chair, 2016; Nicolas Gensollen, chair, 2016; Alberto Lumbreras, member, 2016; Jean Creusefond, referee, 2017; Marie Bricage, referee, 2018; Catalina Obando Forero, chair, 2018; Raphaël Tackx, chair, 2019; Julio Navarro Lara, referee, 2019; Léa Longepierre, member, 2020; Hông-Lan Botterman, chair, 2021; Achille Salaün, referee, 2021; Nejat Arinik, referee, 2021; Quentin Lutz, referee, 2022; Gaëlle Candel, referee, 2022; Madoune Robert Seye, member, 2022; Filippo Brunelli, referee, 2023; Stephany Rajeh, president, 2023; Corentin Bisot, president, 2024; Gabriel Damay, referee, 2024; Elijah Baichoo, member, 2025
- HDR committees of: Bertrand Jouve, referee, 2009; Bénédicte Le Grand, chair, 2011; Etienne Birmelé, referee, 2011; Christophe Prieur, chair, 2012; Pierre Borgnat, referee, 2014; Mauro Sozio, member, 2017; Christophe Crespelle, member, 2017; Marton Karsai, referee, 2019; Gilles Tredan, referee, 2019.

Reviewer for 45 international journals: *Algorithms*, *Annals of Telecommunications*, *Applied Network Science*, *Applied Physics Letters* (APL), *Ars Combinatoria*, *Computer Communications*, *Computer Networks*, *Discrete Applied Mathematics* (DAM), *Discrete Mathematics and Theoretical Computer Science* (DMTCS), *Discrete Mathematics*, *European Journal of Operational Research* (EJOR), *Fundamenta Informaticae*, *IEEE Communications Surveys and Tutorials* (CST), *IEEE Control Systems Magazine*, *IEEE Journal on Selected Areas in Communications* (JSAC), *IEEE Transactions on Parallel and Distributed Systems* (TPDS), *IEEE/ACM Transactions on Networking* (ToN), *Information Processing Letters* (IPL), *Information Sciences* (INS), *International Journal of Computer Mathematics* (IJCM), *International Journal of Unconventional Computing* (IJUC), *Journal of Communications and Networks* (JCN), *Journal of Computational Science* (JOCS), *Journal of Computer Science*, *Journal of Engineering and Computer Innovations* (JECI), *Journal of Experimental Algorithmics* (JEA), *Journal of Graph Algorithms and Applications* (JGAA), *Journal of Mathematical Sociology*, *Journal of Systems and Software* (JSS), *Journal of the ACM* (JACM), *Journal of the Royal Society Interface*, *Knowledge and Information Systems* (KIS), *Mathematics in Computer Science* (MCS), *Network Science*, *Networks*, *Neurocomputing*, *Physica A*, *PLOS ONE*, *RAIRO – Theoretical Informatics and Applications*, *Social Networks*, *Social Networks Analysis and Mining*, *The Computer Journal*, *The European Physical Journal B* (EPJ B), *Theoretical Computer Science* (TCS), et diverses conférences.

PhD advising

- Bastien Legay.** *Résistance – Perturber les Infrastructures en Réseaux*. 2022–
- Guillaume Moinard.** *Analyse de Nouvelles Formes de Protestation*. 2022–
- Léo Rannou.** *Temporal Connectivity and Path Computation for Stream Graph*. Co-advising (33%) with Clémence Magnien and Christophe Meyer, 2017–2020

- Armel Jacques Nzekon Nzeko'o.** *Recommender system with temporal dynamics based on link streams.* Co-advising (50%) with Maurice Tchunte, 2015–2019
- Audrey Wilmet.** *Anomaly detection in link streams with combined structural and temporal features.* Co-advising (50%) with Robin Lamarche-Perrin, 2016–2019
- Aurore Payen.** *Importance of time information in spreading phenomena – an illustration on cattle trade data.* Co-advising (50%) with Lionel Tabourier, 2015–2018
- Thibaud Arnoux.** *Predicting interactions in link streams: combining structural and temporal features.* Co-advising (50%) with Lionel Tabourier, 2015–2018
- Noé Gaumont.** *Clusters and communities in link streams: from data to algorithms.* Co-advising (50%) with Clémence Magnien, 2013–2016
- Tiphaine Viard.** *Link streams for the modeling of interactions over time, and application to IP traffic analysis.* Co-advising (50%) with Clémence Magnien, 2013–2016
- Eric Freyssinet.** *Botnet fighting: analysis and strategy.* Co-advising (50%) with David Naccache, 2012–2015
- Elie Rotenberg.** *An approach for reliable estimates of internet topology properties.* Co-advising (50%) with Christophe Crespelle, 2010–2015
- Daniel Bernardes.** *Information Diffusion in Complex Networks: Measurement-Based Analysis Applied to Modelling.* Co-advising (30%) with Fabien Tarissan, 2010–2014
- Raphaël Fournier** *Detection and analysis of a rare topic in large query sets: paedophile activity in P2P.* 2009–2012
- Assia Hamzaoui.** *Event detection in the dynamics of large complex networks: a statistical application and its application to the radar of the internet.* 2007–2011.
- Oussama Allali** *Structure and dynamics of bipartite complex networks: internal links and link prediction.* Co-advising (50%) with Clémence Magnien. 2008–2011.
- Thomas Aynaud.** *Community detection in dynamic complex networks.* Co-advising (20%) with Jean-Loup Guillaume. 2008–2011.
- Abdelhamid Salah Brahim.** *Information spreading and community structures in a blog network.* Co-advising (20%) with Bénédicte Le Grand. 2008–2011.
- Massoud Seifi.** *Stable community cores in complex networks.* Co-advising (20%) with Jean-Loup Guillaume. 2008–2011.
- Wang Xiaomin.** *Deciding on the type of the degree distribution of a graph from traceroute-like measurements.* Co-advising (50%) with Michèle Soria. 2008–2011.
- Frédéric Ouédraogo.** *A new approach for sutying internet topology: ego-centered measurements and radar.* Co-advising (10%) with Clémence Magnien and Oumarou Sié. 2007–2009.
- Fabien Viger.** *Contributions to the measurement and modeling of internet topology.* Co-advising (80%) with Serge Fdida. 2004–2007.
- Pascal Pons.** *Community detection in complex networks.* 2004–2007.
- Jean-Loup Guillaume.** *Statistical analysis and modeling of complex networks.* 2001–2004.

Science popularization

- Publication of a *Communications of the ACM* (CACM) blog post entitled *Research Against the Machine*, 2025.
- Panel discussion *L'engagement du chercheur dans la transition écologique et le rôle des institutions*, Campus de la Transition, 2025.

- Panel discussion *Engagement des scientifiques*, INRAE Sud Recherche, Nouzilly, 2025.
- Oral presentation entitled "*Bloquer le pays*" comme sujet de recherche ?, Roads and Concrete (Routes et Béton) interdisciplinary colloquium, Déroute des Routes, 2024.
- Co-author of the Labos1point5 text against far right project, 2024.
- Panel discussion *La recherche face à la montée des autoritarismes*, Sciences Citoyennes, 2024.
- Paper and oral presentation entitled *Le dernier kilomètre*, Archipel conference, Lyon, 2024.
- Panel discussion *Séminaire "Recherche Impliquée"*, ENS Paris, 2024.
- Interview for *Le Monde* paper entitled *Lassés d'alerter sur le climat sans être entendus, des chercheurs sortent de leur "neutralité"*, 2024.
- Main author of the Labos1point5 text for scientist commitment in environmental concerns, 2023.
- Book chapter in *16 déambulations sensibles – Sur le plaisir de faire des mathématiques* edited by Bertrand Jouve, éditions L'Art Dit, 2023.
- Interview for *Science et Vie Junior*, special issue entitled *Des réseaux pas très écolo*, HS 162, published in november 2023.
- Introductory text entitled *Enjeux écologiques de l'informatique* for the new section on environmental challenges in *SIF 1024* bulletin, with Lou Grimal, november 2023.
- Public debate at Sciences Citoyennes entitled *Les Soulèvements de la Recherche*, october 5, 2023.
- Interview for AEF info, podcast entitled *l'empreinte environnementale de la recherche, émergence d'un nouveau domaine scientifique*, september 13, 2023.
- Public debate at Sciences Citoyennes entitled *Une recherche scientifique compatible avec les limites de la planète*, april 1, 2023.
- Public debate at SU entitled *L'activisme des scientifiques face aux enjeux environnementaux*, march 17, 2023.
- Movie projection and discussion at SU within the RRRR days, entitled *Pourquoi et comment s'engager ?*, march 16, 2023.
- Movie projection and discussion at SU about mycelium networks, february 15, 2023.
- Interview and public debate on ecological activism, for the *Présages* podcast, june 12th, 2023 (podcast and youtube video).
- Presentation of Labos1point5 to CoNRS section 7, june 6th, 2023.
- Interview for FranceInfo website, article entitled "*Parler gentiment a montré ses limites*" : face à la crise écologique et climatique, des scientifiques racontent pourquoi ils entrent en rébellion, published october 16th, 2022.
- Interview for the journal *Le Parisien*, for the paper *Panne mondiale, critiques... Facebook, un géant pas si solide ?*, october 5th, 2021.
- *Working as a researcher at CNRS*, presentation to prospective candidates, december 1st 2020, GDR RSD. <https://gdr-rsd.cnrs.fr/node/48>
- Video pitch of my project on *Event Detection in Link Streams*, posted on YouTube, 2019. <http://edlist.complexnetworks.fr>
- *Initiation to research work*, hosting and advising of two high-school interns for a week, 2018, 2020.
- *Being a research scientist*, workshop in primary school, two day halves, 2018.

- *L'analyse à grande échelle de nos traces numériques*, article avec David Chavalarias, dans le livre *Les Big Data à Découvert* édité par le CNRS, 2016.
- *Modéliser les interactions au fil du temps*, article dans *Interstices*, 2015.
- Grands réseaux, réseaux sociaux, communautés, interactions et flux, intervention à *Futur en Seine* le 12 juin 2014, CNAM.
- *Des réseaux partout*, brève pour l'action *Mathématiques et Planète Terre*, octobre 2013, <http://www.breves-de-maths.fr/des-reseaux-partout/>
- *Réseaux sociaux : comment les chercheurs savent (presque) tout de nous*, avril 2013, breakfast invited by Association des Journalistes Scientifiques de la Presse d'Information (AJSPI).
- *Réseaux sociaux: "Comment les chercheurs savent (presque) tout de nous ?"*, mars 2013, interview on Radio France Internationale (RFI), *Autour de la question*.
- Video for the site <http://complexnetworks.fr>: since 2008.
- *Happy Flu*, expérience interactive de diffusion sur le Web. Juillet 2008.
- Intervention sur *France Culture*, émission *Minuit Dix*, le 29 décembre 2006.
- Atelier à la *Fête de la Science*, octobre 2005.
- Expérience RELAIS. Septembre 2005 – mai 2007.
- *L'inextricable simplicité de l'internet*. *Tangente Sup*, décembre 2005.
- Exposition *Peintures et Images Scientifiques*, Jussieu, le 5 juin 2004. Avec Nathalie Chauvin.
- *Profils de dunes et démonstrations*. *Tangente* 94, septembre-octobre 2003.
- *L'impossible carte d'Internet*. *Le Minotaure* 1, pages 218–220, mars 2003.
- *Images à Comprendre*. Parution dans chaque numéro de *Tangente Sup*, 2002–2004. http://www-rp.lip6.fr/~latapy/Images_a_comprendre/
- *Le graphe du Web*. Avec Jean-Loup Guillaume. *Tangente*, hors série numéro 12, pages 12–14. Juillet 2002.
- *Numismatique et Informatique*. Avec Magali Vacherot. *L'Archéologue* 54, page 9. Juin-Juillet 2001.

Acronyms used in this document

AEF	Agence Education et Formation
AERES	Agence d'Evaluation de la Recherche et de l'Enseignement Supérieur
AID	Agence de l'Innovation de Défense
ANR	Agence Nationale de la Recherche
CER	Council for Ethical Research
CID	Commission Interdisciplinaire du CoNRS
CIR	Crédit Impôt Recherche
CNRS	Centre National de la Recherche Scientifique
CoNRS	Comité National de la Recherche Scientifique
CSS	Complex System Society
DGA	Direction Générale de l'Armement
DR	Directeur de Recherche
ENAC	Ecole Nationale de l'Aviation Civile
ENS	Ecole Normale Supérieure
FEDER	Fonds Européen de Développement Régional
FUI	Fonds Unique Interministériel
GDR	Groupement de Recherche du CNRS
GDRS	Groupement de Recherche et de Services du CNRS
GDS	Groupement de Services du CNRS
JEI	Jeunes Entreprises Innovantes
HCERES	Haut Conseil de l'Evaluation de la Recherche et de l'Enseignement Supérieur
HDR	Habilitation à Diriger des Recherches
IFD	Institut de Formation Doctorale (consortium des écoles doctorales UPMC)
INRIA	Institut National de Recherche en Informatique et Automatique
ISC-PIF	Institut des Systèmes Complexes de Paris – Île de France
ISCC	Institut des Sciences de la Communication du CNRS
IXXI	Institut Rhône-Alpin des Systèmes Complexes
LIAFA	Laboratoire d'Informatique Algorithmique : Fondements et Applications UMR 7089 – CNRS et Université Paris Diderot – Paris 7
LIP6	Laboratoire d'Informatique de Paris 6 UMR 7606 – CNRS et Sorbonne Université
MdC	Maître de Conférences
MITI	Mission pour les Initiatives Transverses et Interdisciplinaires du CNRS
NGO	Non-Governmental (non-profit) Organization
PDI	Programme Doctoral International
RNSC	Réseau National des Systèmes Complexes
RRRR	Réduire, Réemployer, Recycler, Réparer Reduce, Reemploy, Recycle, Repair
RSR	Réseaux et Systèmes Répartis (département du LIP6 comptant 6 équipes)
SHS	Sciences Humaines et Sociales
SU	Sorbonne Université (anciennement UPMC)
UMR	Unité Mixte de Recherche (CNRS)
UPMC	Université Pierre et Marie Curie – Paris 6 (maintenant SU)
UPS	Unité Propre de Services (CNRS)
